

Migi Nail Art

Migi Nail Art ™ pens are a new, revolutionary nail design tool that allows a quick, easy and affordable way to create artistic designs on your nails with the nail polish applicator brush, patented art tip and any two nail colors of your choice in one convenient pen.

Use the brush to put on a base color and then create amazing custom works of art using different colors with an innovative pen style applicator.

This unique pen/brush design gives you all your tools in one pen. Use the brush to apply a base color. When the base is dry use the tip to create amazing, detailed designs with a different, contrasting color. You can create swirls or mix colors before they dry for a variety of effects.
