

## Leather Mate

Leather Mate®; cleans shines, nourishes, protects and restores all leather goods. It is great for shoes, jackets, saddles, sports equipment, car interiors and more. Leather Mate®; is easy to use and dries in seconds without leaving a greasy sticky film. One jar will cover 300 sq. ft of leather (almost 200 pairs of shoes)

Environmentally friendly Leather Mate®; contains no petroleum distillates and for that reason it is also gentle on all leather products.

Leather Mate®; has a creamy consistency which comes from its unique blend of natural cleansers, moisturizers and natural wax. Lanolin oil nourishes, repels water and prevents leather from drying ensuring a longer life for your leather products. Carnauba wax seals leather helping to prevent water and salt damage, rendering it water repellent. Weathered and worn leather and even mildewed leathers are restored to near new condition.

Leather Mate®; puts a beautiful finish to all your leathers. It only take a few seconds to apply, works on all colors and is excellent for removing salt stains. The secret to best results of Leather Mate®; is to use a very small amount. Dab the sponge provided with your leather mate jar in the product, carefully removing any excess then swab the sponge on the leather item, spreading it evenly. The less you use the better the results and the longer it will last.

Leather Mate®; is great for all smooth leathers. Leather Mate®; should not be used on suede, pigskin, lambskin, new buck, and other soft porous leathers such as sheepskin. If you are unsure if Leather Mate®; can be used on your leather simply test it on a hidden area of leather.

Leather Mate®; will never dry out in a closed jar.

Very affordable, Leather Mate®; is the best leather care product available in the marketplace.

You'll be amazed at the results.
